# **QPR Suite 2023**

# Fast Guide to Processes in QPR Portal

This guide provides you with a quick overview to the most relevant functionality related to browsing process models in QPR Portal.

# **Opening Portal and Logging In**

Start the QPR Portal by selecting Start -> All Programs -> QPR Suite 2023 Servers -> QPR Portal.

You can login to the QPR Portal by entering your username and password to the fields on the left side. The default user for all QPR products is '**qpr**' and the password is '**demo**'.

# **Tabs of QPR Portal**

There are four main tabs available in QPR Portal:

**My Contents**: Here you can see e.g. your bookmarks, responsibilities, and briefing booklets published to you.

**Processes:** Here you can browse process models. This guide focuses mainly on this tab.

**Scorecards**: Here you can view measures of your organization's balanced scorecard.

**Actions**: Here you can create and view actions related to process models, scorecards, and to your organization in general.

## **Selecting Models**

To select a model, go to the Processes tab and click **Select Model** in the left frame. A dialog for selecting a model is displayed.

Select Model
Show old model versions
Empo Models     ArchSurance - QPR: EA based ODM     ArchSurance - TOGAF     Dentorex - Quality Management System     QRs as-is - QPR: EA based ODM     Training Models

### Navigation

Navigating the process models is easy and straightforward. In the Diagrams view you can select the desired diagram from the navigation frame (A) and a diagram view for the corresponding level is opened in the viewing frame (B). The toolbar buttons function as follows:

合 Print

Opens a model selection window.

section for more information.

Opens the bookmark window. See the next

Add elements from the active diagram to the

Opens the Actions view showing all actions

connected to the current diagram. See the

Prints the active diagram.

Commenting and Action Planning section. Opens a dialog for selecting pre-defined view

basket for later reuse.

Switch the view to a more detailed mode.

#### **Elements on Diagrams**

Clicking the element symbols opens the details of the elements or opens a new child diagram in the case the element is a diagram. You can identify diagrams by shadows behind the elements. Diagrams have a magnifying class icon for opening a details view and can include also an information item icon as well as indicators of linked QPR Metrics measures.

#### **Commenting and Action Planning**

You can leave comments and create action plans, among other things, related to the diagrams you are browsing. To add a comment or an action plan, click **Actions**. This opens a view listing all actions connected to the active diagram. To add a new action, click **Add**. In the window that opens, select the desired action type from the drop-down list in the upper right corner.

#### **Full Screen Viewing**

To view a diagram in a full screen mode, click the **Full Screen** button at the upper right corner of the view. Similarly as in the normal browsing mode, you can further control the size of the diagram with the **Graph Settings** menu. To exit the full screen mode, just close the corresponding browser window. You can now continue your session from the point where you activated the full screen mode.

#### Searching

To search for information in QPR Portal, enter the desired search text into the quick search field and click the Search button to perform a search with the terms you entered.
